ABOUT US

Mulino is a young, family-run business in Cambridge,
founded by Sasha and Chiara.

We create artisanal baked goods, cakes, desserts, biscotti and batch prep,
all made with high-quality ingredients.

Our products are supplied to local delis, cafés, farm shops, and restaurants
in Cambridgeshire and delivered nationwide across the UK.

OUR STORY

Mulino was born in December 2023 at the Cambridge Winter Fair, where we first introduced our handmade pasta, biscotti, and nougat. Since then, we've grown from braving farmers' markets across Cambridgeshire and Suffolk to supplying wholesale trays of desserts and cakes to independent cafés, restaurants, and shops. In July 2025, we evolved into Mulino Cambridge Kitchen, a name that reflects both our growth and our commitment to creating exceptional food for the local community.

- ✓ Bespoke service;
- ✓ Small prices.

PRODUCT REVIEW

“The service Mulino offer to us as a busy restaurant is perfect. We wanted to take the pressure off, of us with our desserts but we really wanted them homemade and local.

We have regular delivery days and volumes of desserts pre organised, it is so helpful having all of this looked after. Sometimes we need more desserts than expected, they are so accommodating with these last minute changes.

We have loved being involved in sharing new desserts ideas and Mulino being keen to offer different and seasonal desserts.

We get so many compliments from our customers, which is deserved.

We couldn't recommend you highly enough!
Thank you "
